In order to ensure this, ALL member companies must meet our high underwriting standards and are required to pass a risk assessment compliance audit.

Focus on Risk Management & Loss Prevention: The Energi program provides on-going Risk Management and Loss Prevention support including training and communication programs that reinforce industry best practices.

Claims Management: The program offers fast, efficient and fair resolution of claims. Energi's aggressive claims management oversight focuses on inclusion of the policyholder rather than exclusion during the claims process.

Coverage: Energi's underwriters have created a program with all necessary coverage's some of which competitors may not include. The Energi Fuel Transport Program will consistently deliver responsive and creative solutions to the unique needs of fuel transportation companies.

Competitive Premiums: The Energi Fuel Transport Program offers fair, equitable and justifiable premiums. Since premiums are based upon your loss experience, not on the loss experience of your industry peers, you will see more stability in your pricing.
